Moving further in a modern Provencal decor with fine local art lining the walls, you will reach the bar and the dinning room. The barge is fully air-conditioned. The lower deck shows 9 cabins - fully refurbished in 2009 - separated in 3 cells of 3 cabins each that you can reach by independent staircases. 6 of them are queen-bedded cabins and 3 others twin-bedded cabins. All cabins feature the same comfortable equipments, en suite bathroom, air-conditioning with individual control, superior bedding, etc. In short, you may let Le Phénicien be your floating home sweet home for a week!
